

theplantpeopleltd.com

Close your eyes. Think of the last time you were out in nature. Remember the smell of fresh air, the serenity of a green garden or the lushness of a quiet forest. Remember the peace of being away from the hustle and the bustle of the city. Remember how refreshed it made you feel, like you could take on the world.

Now open your eyes. Imagine if you could bring that feeling to your workspace or commercial building?

It has been proven that having a great view of nature improves productivity and creates a sense of emotional wellbeing. Workspaces that include foliage as a critical part of their design are likely to have more productive employees and more comfortable customers.

Let us improve your interior space by working with you to create a design solution that will bring you all the emotional, wellness and inspirational benefits of nature."

GET IN TOUCH

We're excited to work with you to create a beautiful interiorscape that suits your work environment.

Visit our website at www.theplantpeopleltd.com for more info on the benefits associated with having plants indoors.

Making every space a greener place

OUR SERVICES

At The Plant People, we go beyond decor to engage in strategic design that enhances key areas in your workspace, improves customer flow, maximises use of space and creates an atmosphere of wellness, beauty and inspiration.

We provide design solutions for:

- Long-term rental
- Short-term rental
- Event rental
- Corporate holiday décor and gift tokens.

As the official distributor for Plastecnic Plant Pots and Accessories, we provide high-quality, beautifully designed containers that complement your interior.

OUR CLIENTELE

We provide design and maintenance services to companies in the financial and energy sector; government offices; companies managed by facility managers; multinational food chains; small and medium office spaces, and public spaces like the Piarco International Airport.

OUR PROCESS

1. We carry out a site visit to determine the dimensions, qualities and functions of your space.
2. We design an interiorscape for you that includes suitable plants based on your lighting, space and temperature in containers to match your needs.
3. A proposal, sample contract and quotation for the design are submitted to you for your review.
4. The installation of the design takes place on an agreed date and time once you approve the final proposal, contract and quotation.
5. Service starts and continues on a weekly basis.

OUR MAINTENANCE PACKAGE INCLUDES:

- Weekly watering of plants
- Cleaning, pruning and misting of leaves
- Fertilization and pest care analysis
- Outer decorative pots
- Replacement of plants if needed

OUR SERVICE PACKAGES

We provide four service packages that reflect the world's four major forests:

AMAZON:

\$2000+ per month | Customised number of plants

The Amazon rainforest (Portuguese: Floresta Amazônica or Amazônia) is the most biodiverse tropical rainforest that covers a large part of the Amazon Basin of South America.

TAIGA:

\$751 - \$2000 per month | Average of 13 - 17 plants

The Taiga is a forest of the cold, subarctic region - an area of the Northern Hemisphere that lies just south of the Arctic Circle including Alaska, Canada, Scandinavia, and Siberia.

SEQUOIA:

\$351 - \$750 per month | Average of 9-10 plants

Sequoia National Forest is located in the southern Sierra Nevada Mountains of California and named for the majestic Giant Sequoia trees that populate it.

DAINTREE:

\$350 per month | Average of 5-6 plants

The Daintree Rainforest is the oldest and largest continuous area of tropical rainforest on the Australian continent.
